Feuilles Tombent Addition et Soustraction (F)

Nom: _____ Date: _____

Retrouve les chiffres qui sont tombés comme des feuilles d'automne.

1. $\square\square\square + 163 = 404$

2. $\square\square\square - 165 = 27$

3. $\square 77 + 62\square = 8\square 7$

4. $5\square\square - 45 = \square 31$

5. $\square 18 + 31 = 2\square\square$

6. $7\square 4 + 589 = \square\square 1\square$

7. $\square\square\square 8 - 371 = 65\square$

8. $597 - \square 58 = 4\square\square$

9. $\square 99 - 15\square = 1\square 9$

10. $724 - \square\square = \square 07$

11. $391 + 4\square\square = \square 38$

12. $12\square + 42 = \square\square 8$

13. $999 - 79\square = \square\square 6$

14. $4\square 9 + \square 3\square = \square 266$

15. $\square 105 - \square\square\square = 358$

16. $329 + 5\square\square = \square 67$

17. $\square 19 - 2\square\square = 399$

18. $\square 4\square - 449 = 3\square 0$

19. $\square 0 + \square 96 = 75\square$

20. $73\square + \square 19 = \square 6\square 0$
