

Calcul de l'Aire et Circonférence (I)

Calculez les mesures de chaque cercles à l'aide de la mesure donnée. Utilisez $\pi = 3.14$

$$\text{circonférence} = \underline{\hspace{2cm}}$$
$$\text{aire} = \underline{\hspace{2cm}}$$

$$\text{circonférence} = \underline{\hspace{2cm}}$$
$$\text{aire} = \underline{\hspace{2cm}}$$

$$\text{circonférence} = \underline{\hspace{2cm}}$$
$$\text{aire} = \underline{\hspace{2cm}}$$

$$\text{circonférence} = \underline{\hspace{2cm}}$$
$$\text{aire} = \underline{\hspace{2cm}}$$
