

Division – La Saint-Patrick (B)

Trouvez chaque quotient.

$54 \div 9$	$35 \div 7$	$7 \div 1$	$63 \div 9$	$64 \div 8$	$32 \div 8$	$4 \div 4$	$36 \div 9$
-------------	-------------	------------	-------------	-------------	-------------	------------	-------------

$10 \div 2$	$12 \div 6$	$54 \div 9$	$28 \div 4$	$36 \div 9$	$1 \div 1$	$2 \div 2$	$45 \div 5$
-------------	-------------	-------------	-------------	-------------	------------	------------	-------------

$32 \div 4$	$4 \div 4$	$12 \div 6$	$49 \div 7$	$9 \div 1$	$54 \div 9$	$7 \div 1$	$4 \div 2$
-------------	------------	-------------	-------------	------------	-------------	------------	------------

$81 \div 9$	$15 \div 5$	$35 \div 5$	$4 \div 1$	$9 \div 1$	$30 \div 5$	$21 \div 3$	$36 \div 4$
-------------	-------------	-------------	------------	------------	-------------	-------------	-------------

$30 \div 6$	$10 \div 2$	$2 \div 1$	$15 \div 3$	$8 \div 8$	$16 \div 4$	$14 \div 7$	$12 \div 4$
-------------	-------------	------------	-------------	------------	-------------	-------------	-------------

$32 \div 8$	$56 \div 7$	$14 \div 7$	$20 \div 4$	$54 \div 6$	$4 \div 2$	$54 \div 6$	$10 \div 2$
-------------	-------------	-------------	-------------	-------------	------------	-------------	-------------

$12 \div 3$	$5 \div 1$	$21 \div 7$	$32 \div 8$	$24 \div 3$	$54 \div 9$	$24 \div 8$	$32 \div 4$
-------------	------------	-------------	-------------	-------------	-------------	-------------	-------------

$16 \div 2$	$72 \div 8$	$16 \div 4$	$63 \div 7$	$20 \div 5$	$16 \div 8$	$15 \div 5$	$6 \div 3$
-------------	-------------	-------------	-------------	-------------	-------------	-------------	------------
