

## Conversion Binaire en Octal (E)

Ecrivez chaque nombre dans le système de numération de base indiqué.

1.      Binaire = 101  
          Octal =

2.      Binaire = 1000101  
          Octal =

3.      Binaire = 1000011000  
          Octal =

4.      Binaire = 100110000  
          Octal =

5.      Binaire = 110011110  
          Octal =

6.      Binaire = 111101000  
          Octal =

7.      Binaire = 1101101111  
          Octal =

8.      Binaire = 1110100011  
          Octal =

9.      Binaire = 10010011101101  
          Octal =

10.     Binaire = 10011100000011  
          Octal =
