

La stratégie d'addition faire multiples de dix (J)

Nom: _____

Date: _____

Faites multiples de dix pour vous aider à calculer chaque somme.

$$87 + 5 =$$

Garder Séparer

$$87 + 3 + 2 = 92$$

Faire 90

$$68 + 6 =$$

Garder Séparer

$$\underline{\quad} + \quad + \quad =$$

Faire 70

$$77 + 7 =$$

Garder Séparer

$$\underline{\quad} + \quad + \quad =$$

Faire 80

$$36 + 9 =$$

Garder Séparer

$$\underline{\quad} + \quad + \quad =$$

Faire 40

$$5 + 7 =$$

Garder Séparer

$$\underline{\quad} + \quad + \quad =$$

Faire 10

$$58 + 8 =$$

Garder Séparer

$$\underline{\quad} + \quad + \quad =$$

Faire 60

$$24 + 9 =$$

Garder Séparer

$$\underline{\quad} + \quad + \quad =$$

Faire 30

$$18 + 4 =$$

Garder Séparer

$$\underline{\quad} + \quad + \quad =$$

Faire 20

$$42 + 9 =$$

Garder Séparer

$$\underline{\quad} + \quad + \quad =$$

Faire 50

$$15 + 9 =$$

Garder Séparer

$$\underline{\quad} + \quad + \quad =$$

Faire 20
