

Relations Inverses Mult/Div (I)

Instructions: Utilisez l'information donnée pour remplir chaque case.

$$\begin{array}{l} \text{puisque } 9 \times 6 = 54 \\ \text{alors } 54 \div 9 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 10 \times 6 = 60 \\ \text{alors } 60 \div 10 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 9 \times 9 = 81 \\ \text{alors } 81 \div 9 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 10 \times 10 = 100 \\ \text{alors } 100 \div 10 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 6 \times 5 = 30 \\ \text{alors } 30 \div 6 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 12 \times 5 = 60 \\ \text{alors } 60 \div 12 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 8 \times 9 = 72 \\ \text{alors } 72 \div 8 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 11 \times 7 = 77 \\ \text{alors } 77 \div 11 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 9 \times 10 = 90 \\ \text{alors } 90 \div 9 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 9 \times 9 = 81 \\ \text{alors } 81 \div 9 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 10 \times 11 = 110 \\ \text{alors } 110 \div 10 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 12 \times 7 = 84 \\ \text{alors } 84 \div 12 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 10 \times 8 = 80 \\ \text{alors } 80 \div 10 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 8 \times 10 = 80 \\ \text{alors } 80 \div 8 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 12 \times 9 = 108 \\ \text{alors } 108 \div 12 = \boxed{} \end{array}$$

$$\begin{array}{l} \text{puisque } 5 \times 7 = 35 \\ \text{alors } 35 \div 5 = \boxed{} \end{array}$$
